

Integrated Healthcare Guidance

SUMMARY

Shasta County adheres to the guidance provided by these organizations and **does not** implement measures that are more stringent than their recommendations.

These documents serve as actionable recommendations for effective mitigation strategies for communicable, including potential required actions.

CDPH – AFLS 2023

CDPH's 2023 All Facilities Letters offers important COVID-19 guidance for diverse healthcare settings, including Hospice Facilities, Skilled Nursing Facilities, Intermediate Care Facilities, General Acute Care Hospitals, Acute Psychiatric Hospitals, and Chemical Dependency Recovery Hospitals.

CDC GUIDANCE

Interim Infection Prevention and Control Recommendations for Healthcare Personnel During the COVID-19 Pandemic provides updated recommendations for healthcare personnel, even after the end of the federal COVID-19 Public Health Emergency. It covers strategies for staffing shortages and applies to all healthcare delivery settings in the U.S.

CMS GUIDANCE

Collection of policy memos and instructions issued by CMS (Centers for Medicare & Medicaid Services) to State Survey Agencies and CMS Locations. These documents provide guidance, clarifications, and oversight related to quality and safety in healthcare services. Serving as important directives to ensure compliance and maintaining high standards of care in healthcare facilities.
